

Testnet Mashnet

- Close down after mainnet launch
- Transactions are not ported over

Testnet for Spiritnet

- Connect with Kusama
Open to public
- Permissioned (keeps Sudo key; BOTLabs maintains control)
 - Running on self-hosted Relay Chain
 - No economic value
 - Test governance
 - Other projects can test their apps

Spiritnet / Mainnet

- Copy and reset Testnet
- Transitional period from permissioned to decentralised
- Ramp up Collators
- Open up governance
- Sudo key still in effect
- Staking begins

Fully decentralised

- Give up Sudo key
- First governance decisions
